Our mission

Tai Tapu Sculpture Garden's mission is to support contemporary New Zealand sculpture practice and to enhance native biodiversity in Canterbury.

TSG is an evolving sculpture garden comprising one hectare of recently-established native New Zealand bush. New planting includes tōtara, mataī, kahikatea, beech, rimu and other rare or threatened native plants of Canterbury.

Purchasing artworks

This exhibition features permanent works and others for sale. All works for sale are indicated in the catalogue. View larger images online.

Payments can be made directly into Tai Tapu Sculpture Garden's account: 03 0823 0122455 94. Documentation will be provided.

Artworks purchased can be collected at the end of the exhibition period 19 March 2017 from 3pm or by appointment. Insurance and transportation must be organised by the purchaser. We are happy to provide advice on transportation and installation. And we can liaise with the artist(s) on the purchaser's behalf to facilitate installation. Cost of installation varies between artworks and sites.
